## From the Principals:

This week, not only did students dive deeper into learning, so did our teachers! In Avon, we are committed to ongoing professional development, collaborative learning, and continuous improvement. Teachers at Pine Grove School meet regularly in collaborative learning teams to look at student data, plan lessons, and reflect on their practice. At our staff meeting this week, teachers dove into our social emotional learning standards and shared practices for building a community of learners, strengthening relationships, and helping students develop a growth mindset.

We are proud to be the lead learners in a school where staff value their own professional growth.

~Mrs Borio and Mrs. Buckle
