From the Principals: We have been inundated with lots of fun learning activities recently: Last Friday we had the Avon Volunteer Fire Dept. visit with kindergarten and first grade students. The firemen explained what to do in case of a fire. They showed the students stop, drop and roll and get low and go! The students did an amazing job!

This week 4th grade students participated in a bike safety program. Students were introduced to basic safety measures and gained knowledge about the different parts of a bicycle. They also learned about the rules of the road and the appropriate signals to use while riding their bikes. The program provided helmets and bikes for the students to actively participate in this educational activity. Officer Felix Acosta, a member of the Avon police force and bike team, played a crucial role in providing information about his responsibilities within the community. His involvement in the program has proven to be highly valuable for both the program itself and the town of Avon.
